Manual Hand Wash Bar Dispenser

Description

A new-to-the-world dispensing system, delivering a hygienic, sustainable and pleasant hand wash experience through finely grounded LESSEAU bars.

The LESSEAU manual hand wash bar dispenser is durable, with locking mechanism and able to hold 3 hand wash bars (over 1800 doses). It is also easy to operate and easy to refill.

LESSEAU's sleek and stylish design makes it suitable for washrooms of all sizes and in all sectors, aiming to elevate cleanliness, style and sustainability.

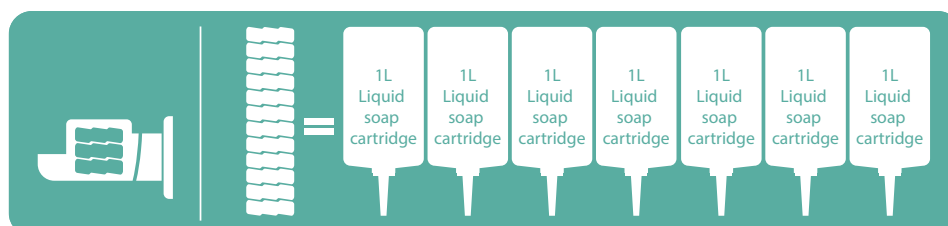

Key Properties

- Robust wall-mounted solid hand wash dispenser made of ABS
- Manual activation and intuitive one-handed operation with a push handle and an icon
- Equipped with a lock in the lid and on the wall plate, making theft virtually impossible
- Small compact and stylish design to fit even in the smallest washroom spaces
- The dispenser holds 3 hand wash bars with over 1800 doses
- Product indicator at the top of the lid, shows when a bar can be refilled (blue) and low level, requiring immediate refill (red)
- Easy to clean
- Recyclable carton packaging – zero-plastic waste
- Dispenses finely grounded hand wash which dissolves quickly and lathers easily
- Coming soon - a wall bracket that offers easy, screw-free installation & space for customer communication

Benefits

- Never empty functionality: new bars can be inserted while bars in the dispenser are consumed, so you never risk running out of product.
- No product waste(d): the dispenser technology grinds LESSEAU bars completely, leaving no residue inside.
- Reduced CO2 impact: with 95% less water than liquid soap pouches and a much more compact footprint, LESSEAU takes a significant amount of trucks off the roads.
- An innovation that will help businesses differentiate and contribute to their ESG goals, while generating a wow-factor among users.
- No plastic waste to dispose.

12 LESSEAU hand wash bars are equivalent to 7x 1L liquid soap cartridges!
