

# easyFLOW IS SAFE safety infusion set, phthalate-free

TD-39

att.no.3 pt.2 subpt.2.3

revision 3

date: 2023-02-17

amendment of: 2026-02-02

MANUFACTURER: ZARYS International sp. z o.o.

ADDRESS: ul. Ziemska 44, 41-803 Zabrze, Poland, phone +48 32 376 07 00-02, 06, fax. +48 32 370 38 08

## INDICATION:

- device intended for connection to an intravenous line for the administration of fluids, medicinal products solutions and other body fluids during infusion therapy
- ability to maintain continuous infusion therapy for 24 hours

## FEATURES:

- manufactured from high-quality materials using the latest technologies
- a dual-channel, four-sided sharp spike on the drip chamber with a matt finish, ensuring a tight and secure connection with liquid containers
- an air vent with an antibacterial filter, closed by a blue flap
- flexible 6 cm drip chamber fitted with additional pressure wings to facilitate insertion into liquid containers
- chamber dropper: 20 drops = 1 ml  $\pm$  0.1 ml
- Liquid Lock** hydrophilic particle filter with a mesh size of 8  $\mu$ m, which automatically stops the flow once the chamber is empty. Prevents air from entering the drain, thereby preventing air embolism
- soft and flexible drain, at least 180 cm long, with an additional port for administering medication
- a precise, safe roller clamp fitted with a sheath for the collection needle and a hook for suspending the drain
- universal Luer-Lock connector
- Air Pass** stopper with a hydrophobic filter, which allows the drain to be filled without accidental contamination and prevents fluid leakage
- non-pyrogenic, non-toxic
- latex-free
- phthalate-free
- sterilised with ethylene oxide
- shelf life: 3 years
- individual foil-and-paper packaging with a colour-coded (blue) label identifying the type of device
