

EasyReach Cleaning Tool

Ideal for cleaning isolators and RABS

The cleaning and disinfection of isolators and RABS can often be a thankless task, designed with operator or product safety in mind they are not always easy to decontaminate. The EasyReach cleaning tool has been specifically created to make this job easy.

The 100% polyester pads are designed to provide a low level of particulates which is essential for use in product contact areas. In addition, the extra thick, multi-layer construction is very absorbent, ensuring a good even coverage of disinfectant. The unique presaturated pads make the task of cleaning and disinfecting an Isolator or RAB even easier as no spray bottles need to be passed into the controlled environment and exactly the same amount of fluid is used by each operator.

FEATURES	BENEFITS
Well fitting 100% polyester pad	<ul style="list-style-type: none"> • Remains secure in use allowing for efficient disinfection and residue removal. • Very low particulate for Grade A environments
Choice of dry or presaturated pads	<ul style="list-style-type: none"> • Can be used with a detergent or disinfectant of choice utilising existing validation • Presaturated pads eliminate the need for spray bottles in the controlled environment.
Short handle only 40cm	<ul style="list-style-type: none"> • Small enough to fit into the tightest of transfer ports.
Low profile pivoting head	<ul style="list-style-type: none"> • Ensures even the most awkward areas can be reached with the minimum effort whilst maintaining good contact with the surface.
Lightweight stainless steel frame and handle	<ul style="list-style-type: none"> • Suitable for single handed operation, reducing operator fatigue and encouraging best practice compliance. • Suitable for autoclaving at 1210C and compatible with a wide range of cleaning and disinfection products including vaporised hydrogen peroxide.
Rounded edges	<ul style="list-style-type: none"> • Ensures there is no possibility of damage or scratching of equipment.
Fixed length or telescopic handles	<ul style="list-style-type: none"> • Extends to 72cm to facilitate cleaning in large RABS, half suits or incubators, minimising the risk of strains through over-reaching. • Reduces the likelihood of containment devices being breached and therefore contaminated whilst operators are cleaning.
Hanging hook	<ul style="list-style-type: none"> • Allows convenient storage away from work surfaces.

EasyReach Cleaning Pads

The extra thick quilted polyester pads are very absorbent and hold high levels of detergent or disinfectant facilitating easy cleaning and disinfection. Made from Quiltec I substrate, a two-ply quilted polyester which has been laundered in a Class 4 cleanroom, the cleaning pads have sealed edges to further reduce the number of readily releasable particles.

FEATURES	BENEFITS
Laundered knitted, sealed edge 100% polyester pads	<ul style="list-style-type: none"> Extremely low levels of particles and fibres so suitable for use in Grade A zones. Strong and durable with good abrasion resistance. High level of chemical resistance, compatible with a wide range of detergents and disinfectants.
Unique presaturated pads with 70% IPA and denatured ethanol	<ul style="list-style-type: none"> Easy to use, ensures the correct amount of disinfectant is used each time, by each operator. Eliminates the need to take bulky bottles of fluids into the confined critical zone.
Validated sterile pads available	<ul style="list-style-type: none"> Suitable for use in Grade A and B zones.
Low profile pivoting head	<ul style="list-style-type: none"> Ensures even the most awkward areas can be reached with the minimum effort whilst maintaining good contact with the surface.
Double bagged	<ul style="list-style-type: none"> Allows for easy pass through into controlled environments minimising bioburden.

Part No.	Description	Size	Packaging
MEQT0001	EasyReach Cleaning Pads, quilted polyester	19 x 7cm	4/bag; 15 bags/case
MEQT0002	EasyReach Cleaning Pads, quilted polyester, sterile	19 x 7cm	4/bag; 15 bags/case
PSME0001	EasyReach Cleaning Pads, quilted polyester, presaturated with 70% IPA, sterile	19 x 7cm	8/bag; 8 bags/case
PSME0003	EasyReach Cleaning Pads, quilted polyester, presaturated with 70% EtOH	19 x 7cm	8/bag; 8 bags/case
2665SF	EasyReach Handle, stainless steel one piece handle	42cm	1/case
2685	QuickConnect EasyReach mop frame, stainless steel	19cm	1/case
2686	QuickConnect handle stainless steel, 1 piece	40.6cm	1/case
2642	QuickConnect handle anodised aluminum	40.6-76.2cm	1/case
2644	QuickConnect handle stainless steel	40.6-76.2cm	1/case

EasyReach™ is recommended for effective cleaning and disinfection of surfaces of separative devices such as:

Isolators *rigid, flexible film, half suits, CAI, CACI*

Restricted Access Barrier Systems (RABS)

Filling Lines

Laminar Air Flow Hoods (LAF)

Bio-safety Cabinets (BSC)

Glove Boxes

Incubators

Clean Air Hoods
